

Rcpp::sugar::IndexHash
::keys

```
graph LR; A["Rcpp::sugar::IndexHash  
::keys"] --> B["Rcpp::no_init"]
```

A diagram showing a pointer relationship. On the left, a gray rectangular box contains the text "Rcpp::sugar::IndexHash" on the top line and "::keys" on the bottom line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "Rcpp::no_init".

Rcpp::no_init
