

Rcpp::internal::string
_proxy::operator[]

```
graph LR; A["Rcpp::internal::string  
_proxy::operator[]"] --> B["Rcpp::internal::string  
_proxy::begin"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray background and a black border, containing the text 'Rcpp::internal::string' on the top line and '_proxy::operator[]' on the bottom line. The right box has a white background and a black border, containing the text 'Rcpp::internal::string' on the top line and '_proxy::begin' on the bottom line. A solid blue arrow points from the right side of the left box to the left side of the right box.
