

```
Rcpp::sugar::Mean<  
CPLXSXP, NA, T >::get
```

```
graph LR; A["Rcpp::sugar::Mean<CPLXSXP, NA, T >::get"] --> B["Rcpp::Vector::size"]
```

A diagram showing a function call on the left and a function call on the right, connected by a blue arrow pointing from left to right. The left box has a light gray background and the right box has a white background. Both boxes have a black border.

```
Rcpp::Vector::size
```
